

## IALHI Membership Fee Reform: Criteria for self-estimation

March 2025

Dear IALHI members,

based on the proposal for the reform of membership fees approved by the IALHI General Assembly in September 2024, we hereby announce that this year's invoices will be sent out with tick boxes so that you can choose a membership fee category (A: € 125, B: € 250, C: € 400) that fits your institution.

For a transparent and fair calculation of which category to choose, we have developed some possible criteria as guidelines for a voluntary self-estimation. These criteria do not all have to be fulfilled, but are only intended to provide orientation. If your institutional situation will change, you can choose a different category next year. Otherwise it will remain in the same category.

Category	Criteria
A - € 125	<p><u>Number of Employees</u>: up to 5 employees</p> <p><b>or</b></p> <p><u>Organizational Affiliation</u>: part of/affiliation of university/foundation etc., but with own small work area/unit or small independent institution</p>
B - € 250	<p><u>Number of Employees</u>: up to 10 employees</p> <p><b>or</b></p> <p><u>Organizational Affiliation</u>: part of/affiliation of a university/foundation etc., with own work area/unit or partly independent institution</p>
C - € 400	<p><u>Number of Employees</u>: more than 10 employees</p> <p><b>or</b></p> <p><u>Organizational Affiliation</u>: part of/affiliation of a university/foundation etc. or large independent institution</p>
